Re: "Manhattan Dine-Out"

Dear Jackie:

On behalf of LAREDO GRILLE & BAR I wanted to thank you personally for including this business in the selection of restaurants you showcased for this annual event and to commend you for your interest and service, even at those early morning hours and in spite of your recent family tragedy. As a well-seasoned veteran of many public relations events, again I want to say how well-organized and planned this event was and everyone was very cooperative.

Please accept my invitation to stop in again for lunch - bring a friend or two if you like - and once again my sincere appreciation for your interest and assistance!

Con mucho gusto!

Tim Mello
